

Current University

I confirm that I will be able to attend the fall and spring workshops for my selected research field at the dates and locations indicated in the research field's description on the DPDF website.

This application is for:

Major Discipline:

Department:

Institution:

Date of Enrollment:

Date Degree Expected:

Year in Program:

**Date/Expected Date of
Qualifying/Field Exams:**

**Date/Expected Date of
Dissertation Proposal Submission:**

When do you expect to take qualifying/field exams? Please provide specific date and details.

What is entailed in the approval process for your dissertation proposal?

Describe any dissertation advising support (e.g. workshops, mentorship programs, non-credit courses) available on your campus.

Education

Institution	Degree Held/ Expected	Attended		Date Expected/ Received	Discipline/ Department
		From	To		

Course Report

Grading System: (if other than 0-100, A-F)

Course Title / Description	Discipline	Instructor / Title	Institution	Semester Year	Grade

Language Self-Assessment

Language/ Level and Institution(s) of Study	Proficiency Level/ Total Duration of Study

Research Employment

Employer/Institution/Organization	Position/Title	From	To
<i>Responsibilities:</i>			

Fellowships

Please list by academic year all graduate funds you have received in support of research, including purposes, dates of awards and research, and award amounts.

Please list all graduate fellowships and grants for which you have and expect to apply to support your dissertation research. Include anticipated dates of potential awards and research.

Research Completed

Major research projects that you have or will expect to complete by summer 2012.

Date	Title	Research Project

Proposed Research

Dissertation Research Title:

Abstract (up to 200 words)

Describe your research interests, outlining how your dissertation topic and questions have taken shape with respect to your coursework and research experience. (up to 1,000 words)

Explain how you think your research interests connect with the DPDF research field to which you are applying: how might your research draw upon and contribute to the field? (up to 500 words)

Describe how you think your dissertation research and progress in your degree program will benefit from your experience as a DPDF fellow, including your exposure to other disciplinary approaches within the field. (up to 500 words)

Proposed Summer Research

Start Date: _____ **End Date:** _____

Research Site
Primary Country: _____ **City or Region:** _____

Outline your preliminary plans for summer pre-dissertation research. Please include a justification of your choice of research site and/or sources, a brief description of your anticipated methods of investigations, and an explanation of how you will determine the implications of your findings. In other words, how you expect your summer research will help prepare you for further dissertation research?
(up to 750 words)

Budget

Total Amount Requested: _____

Please provide an explanation of the amount of funds requested (up to \$5,000) with a short description of the intended uses. (up to 250 words)

Please list any formal contacts you have made at your local research site (scholars at centers, local universities, library/archival, etc.) (up to 500 words)

Summer Funding Sources

Source	Start Date / End Date	Date of Announced Award	Amount Requested / Amount Received
